DIRECTIONS: Have an adult help you with this activity!

Prepare your filling: Chop potatoes and boil in a pot of water until tender. Once tender, drain and set aside. While your potatoes boil melt butter in a pan and fry your onions until caramelized golden brown then set aside. Mash sautéed onion, garlic, butter, milk, and salt and pepper, to taste. Set aside.

Prepare your dough: Carefully pour your flour into a mound on a cutting board. Combine eggs, water and sour cream in a mixing bowl and whisk together thoroughly. Make a crater in the center of the flour mound. Pour egg mixture into the center into the crater until full. Use a fork to gently combine mixture within the confines of the crater. Continue working your ingredients together by creating a crater in the center of your dough and working in your egg mixture until completely combined. Once combined, knead your dough together for 5-10 minutes flouring your surface as needed until you have a consistent malleable texture. Then, wrap your dough in plastic wrap and allow it to rest for about 30 minutes.

Prepare and fill your dumplings: Roll out your dough to a thickness 1/16" and cut into 3" circles. Add a rounded tablespoon scoop of filling to one side of your dough circle
