

PAPER FLOWERS

As a good Garden Fairy, you can enjoy Springtime any time of the year by creating your own blooming flower garden out of paper. Use these lost things found in your home to create your own colorful garden of flowers.

Instructions

1 Select 4-6 pieces of colorful tissue paper and have an adult help you cut them out to the same size.

2 Fold your stack of tissue in half.

3 Continue to fold your tissue back and forth like an accordion.

4 Bend your pipe cleaner over the center of the stack twisting the short end around the long end to fasten. This is your stem!

5 Carefully fan out your folded tissue papers on each side of the stem.

6 Gently separate the layers of tissue starting from the top. These are your flower petals!

7 Add an additional pipe cleaner to strengthen the stem and curl the ends to make your flower look like it came right from Pixie Hollow!

Create your very own
Bird Feeding Station
Pixie Hollow style!

Tink & Fawn's Bird Feeder

You will need:

- A large plastic bottle
- A long twig
- Length of string, rope or twine
- Non-toxic Paint
- Non-toxic glue
- Leaves
- Moss

How to make:

- 1 ~ Have an adult help you punch holes on either side of a large plastic bottle.
- 2 ~ Stick a twig all the way through with its ends sticking out for perches.
- 3 ~ Make two more openings for the birds to pull the seeds out.
- 4 ~ Punch a small pin hole at one end of your bottle.
- 5 ~ Thread your string through the hole and tie off for hanging.
- 6 ~ Fill the bottle with your bird seed or finely chopped nuts.
- 7 ~ Find a bird-friendly place to hang your feeding station.
- 8 ~ See how many birds come to visit!

How to decorate:

Now you've built your bird feeder it's time to decorate! Pixie Hollow style! Use your paint, glue, leaves and moss to make your bird feeder look like it came right out of Pixie Hollow! Don't forget the pixie dust!
